

## CURRICULUM VITAE

### PERSONAL INFORMATION

Name: Tang-Yuan Chu (朱 堂 元)  
 Date of birth: February 18, 1958  
 Place of birth: Taipei, Taiwan  
 Sex: Male  
 Office address: Department of Obstetrics & Gynecology, Tri-Service General Hospital,  
 325, Section 2, Chengon Road, Taipei 114, Taiwan, R.O.C.  
 Home address: 7F, No 12, Lane 99, ChenTa 2<sup>nd</sup> street  
 Taipei, Taiwan, R.O.C.  
 Telephone: +886-2-87927205(office), +886-2-22346440 (home), +886-2-87927199  
 Fax: +886-2-87627207 (office), +886-2-22347468 (home)  
 email: tychu@gcn.net.tw

### EDUCATION AND PROFESSIONAL TRAINING

Medical Bachelor, National Defense Medical Center, Taipei, Taiwan, R.O.C.	1976-1983
Internship, Tri-Service General Hospital, Taipei, Taiwan, R.O.C.	1982-1983
Residency, Obstetrics and Gynecology, Tri-Service General Hospital Taipei, Taiwan, R.O.C.	1983-1987
Doctor of Philosophy, Cornell University, Graduate School of Medical Sciences, Sloan-Kettering Division, Program of Cell Biology & Genetics, New York, New York, U.S.A.	1987-1992

### LICENSURE AND PROFESSIONAL EXPERIENCE

Licensed Physician, Taiwan, R.O.C.,	1983-
Qualified Obstetrician and Gynecologist, R.O.C.	1986-
Teaching Assistant, Department of Obstetrics and Gynecology, National Defense Medical Center, R.O.C.	1983-1987
Pre-Doctor Research Fellow, Program of Molecular Biology, Memorial Sloan-Kettering Cancer Center, U.S.A.	1988-1992
Associate Professor, Department of Obstetrics and Gynecology, National Defense Medical Center, R.O.C.	1992-1999
Chief, Section of Obstetrics and Gynecology, The 820 Army Hospital, King Men, R.O.C.	1992-1993.
Director, Department of Civilian Clinic, The 820 Army Hospital,	

09/885,799

King Men, R.O.C.	1992-1993.
Chief Resident, Department of Obstetrics and Gynecology, Tri-Service General Hospital, R.O.C.	1993-1994.
Attending Staff, Department of Obstetrics and Gynecology, Tri-Service General Hospital, R.O.C.	1993-1996
Director, Laboratory of Molecular Oncology, Joint Research Center, National Defense Medical Center, R.O.C.	1994-2000
Chairman, Joint Research Center, National Defense Medical Center	1994-1999
Chief, Section of Gynecology, Department of Obstetrics and Gynecology, Tri-Service General Hospital, R.O.C.	1997-
Adjunct Associate Professor, Department of Obstetrics and Gynecology National Taiwan University Medical College	1999-2000
Professor, Department of Obstetrics and Gynecology, National Defense Medical Center, R.O.C.	1999-
Dean, Graduate Institute of Medical Sciences, National Defense Medical Center, R.O.C.	2001-

## AWARDS AND HONORS

The Third Graduate Prize, Department of Medicine, National Defense Medical Center,  
Taiwan, R.O.C., 1983  
Fellowship of Oversea Graduate Study, Department of National Defense, R.O.C. 1987-1992.  
Award of Academic Achievement, Memorial Sloan-Kettering Cancer Center, New York, U.S.A.,  
1992.  
Medal of Scholarship, Department of National Defense, Executive Yuan, R.O.C., 1992.  
Medal of Noble Star, the Army of R.O.C., 1994.  
Scholarship of Medical Research, Academia Sinica, R.O.C., 1996.  
Award of Distinguished Physician, 1996, Department of National Defense, Executive Yuan,  
R.O.C., 1996.  
Award of Distinguished Teacher, 1997, Department of National Defense, Executive Yuan,  
R.O.C., 1997.  
Medal of Scholarship, Department of National Defense, Executive Yuan, R.O.C., 1997.  
Medal of Distinguished Service, Government of Republic of China, 1998.  
Research Fellowship, National Science Council, 1999  
The First Prize of Annual Research Report, Tri-Service General Hospital, 1999  
Award of Medical Research Report, National Defense Medical Center, 1999  
The 1999 Merck Foundation Research Award, Taiwan Association of Gynecology, 1999  
Award of Distinguished Research Paper, Chien-Ten Hsu's Foundation of Cancer Prevention,  
2000  
Research Fellowship, National Science Council, 2000  
Scholarship of Medical Research, Academia Sinica, R.O.C., 2000

09/885,799

Award of Distinguished Paper , 5<sup>th</sup> International Conference of The Asian Clinical Oncology Society, ACOS TAIPEI, 2001

Award of Distinguished Teaching of Special Credit, Department of National Defense, R.O.C., 2002

Award of Distinguished Paper. 7<sup>ty</sup> Joint Conference of Cancer, Taiwan, R.O.C., 2002.

## PUBLICATIONS

1. Shih MT, Hsu CH, Yu MH, Chu TY, Shun D, Chang JS, Chen WH, and Lao CS (1986). The program for in vitro fertilization at Tri-Service General Hospital. J Ob/Gyn ROC, 25(4): 229-237.
2. Tyan HS, Chu TY, Chen WH, and Shih MT (1987). Natural killer cell activity in patients of premalignant and malignant cervical neoplasia. J Ob/Gyn of ROC, 26(3): 169-174.
3. Shih M., Yu MH, Chu TY, Sun D, Lee CK, and Hsu CT (1988). A Mobile Oocyte Incubation Unit (MOIU): a device for improvement of the gamete intrafallopian transfer (GIFT) program. J IVF & ET, 5: 188-194. (SCI)
4. Shih MT, Chu TY, Hsu CH, Yu MH, Chang JS, Sun D, Lao ZH, Wu KT, Lee CK, Yang CL, et al., (1988). FSH, LH, PRL and E2 levels in follicular fluid and serum of patients undergoing follicle stimulation with different protocols for IVF. Asia Oce J Obstet Gynecol, 14: 227-232. (SCI)
5. Huang E, Nocka K, Beier DR, Chu TY, Buck J, Lahm HW, Wellner D, Leder P, and Besmer P (1990). The hematopoietic growth factor KL is encoded by the *Sl* locus and is the ligand of the *c-kit* receptor, the gene product of the *W* locus. Cell, 63: 225-233. (SCI)
6. Nocka K, Tan JC, Chiu E, Chu TY, Ray P, Traktman P, and Besmer P (1990). Molecular bases of dominant negative and loss of function mutations at the murine *c-kit/White Spotting* locus: *W*<sup>37</sup>, *W*<sup>V</sup>, *W*<sup>41</sup> and *W*. EMBO J, 9: 1805-1813. (SCI)
7. Ray P, Higgins, KM, Tan JC, Chu TY, Yee NS, Nguyen H, Lacy E, and Besmer P (1991). Ectopic expression of a *c-kit/W*<sup>42</sup> minigene in transgenic mice: recapitulation of *W* phenotypes and evidence for *c-kit* function in melanoblast progenitors. Genes & Develop, 5: 2265-2273. (SCI)

## ABSTRACTS

1. Chu TY, Shih MT, and Lee CK (1984): The tuboplasty in Tri-Service General Hospital. The 76th Scientific Meeting of the Association of OBS & GYN of the R.O.C., Taipei, R.O.C..
2. Chu TY, Shen TC, Whang HW, etc. (1984): Optimal insulin administration in diabetic pregnancy. The 5th Annual Meeting of the Diabetic Association & Endocrinology Society of R.O.C., Taipei, R.O.C..
3. Chu TY, Shih MT, etc. (1985): The IVF-ET program in T.S.G.H. The 79th Scientific Meeting of the Association of OBS & GYN of the R.O.C., Taipei, R.O.C..
4. Chu TY, Yu MS, and Shih MT (1985): A deliberate hypotensive technique during radical hysterectomy and pelvic lymph node dissection. The 13th Annual Meeting of the Chinese Medical Association, Taipei, R.O.C..
5. Chang J.S, Chu TY, Shih MT, and Pang TK (1985): The preliminary study of SPA in abnormal pregnancy. The 79th Scientific Meeting of the Association of OBS & GYN of the

- R.O.C., Taipei, R.O.C..
6. Chen WH, Yu MS, Chu TY, Chang JS, Leo JS, Lao ZH, and Shih MT (1985): An evaluation of 209 infertile couples. The 79th Scientific Meeting of the Association of OBS & GYN of the R.O.C., Taipei, R.O.C..
  7. Chang JS, Lao ZH, Hsu CH, Yu MS, Chu TY, and Shih MT (1985): The experience of embryo transfer at Tri-Service General Hospital. The 79th Scientific Meeting of the Association of OBS & GYN of the R.O.C., Taipei, R.O.C..
  8. Chu TY, Cheng WH, Liu HC, and Shih MT (1986): Natural killer cell activity in patients of gynecologic cancer--preliminary report. The 81th Scientific Meeting of the Association of OBS & GYN of the R.O.C., Taipei, R.O.C..
  9. Shih MT, Chang JS, Chu TY, and Pang TK (1985): The purification and identification of pregnancy-associated plasma proteins--a preliminary report. The 81st Scientific Meeting of the Association of OBS & GYN of the R.O.C., Taipei, R.O.C..
  10. Tan JC, Nocka KH, Chu TY, Ray, Chiu E, and Besmer P (1990): Molecular bases of dominant negative and loss of function mutations at the murine *c-kit/W* locus:  $W^{37}$ ,  $W^V$ ,  $W^{41}$  and  $W$ . The Sixth Annual Meeting on Oncogenes, Fredrick, U.S.A.
  11. Tan JC, Chu TY, and Besmer P (1991): The original  $W$  allele is a splicing defect resulted from a point mutation of the *c-kit* gene. The Seventh Annual Meeting on Oncogenes, Fredrick, U.S.A.
  12. Chu TY, Holloman WK, and German J (1991): Altered adenylated intermediates in the DNA ligase reaction in Bloom's syndrome cells. Workshop on DNA Repair with Emphasis on Eukaryotic Systems, Noordwijkerhout, Netherlands.
  13. Chu TY, Nocka K, Tan J, Besmer P, and Yin CS (1992): The molecular genetics of proto-oncogene *c-kit*. The 98th Scientific Meeting of the Association of OBS & GYN of the R.O.C., Taipei, R.O.C..
  14. Chu TY (1992): From viral oncogene to cellular oncogene: The genetic and developmental roles of *c-kit*. Symposium on "Oncogenes, Antioncogenes and Cancer", Taipei, R.O.C..
  15. Chu TY, Ray, Tan J, Besmer P, and Yin CS (1992): White spotting phenotypes in transgenic mice ectopically expressing the dominant negative *c-kit*( $W^{42}$ ) mutation. Trends in Ob-Gyn International Symposium, Taipei, R.O.C..
  16. Chu TY, Yang YF, Yin CS, Tsao YP, and Chen SL (1994): Induction of the proto-oncogene *c-jun* as a mechanism of HPV-11 induced cell transformation and genital neoplasia. The 22nd Meeting of the International Society for Oncodevelopmental Biology and Medicine, Groningen, Netherlands.
  17. Shieh TB, Chu TY, Yin CS, and Chen SL (1994): Spatial characterization of *c-jun* expression in CIN and invasive cervical cancer, relationship with HPV infection. The 1994 annual Meeting of the Association of OBS & GYN of the R.O.C., Taipei, R.O.C..
  18. Liu JY, Chu TY, et al., (1994): Fetal tissue procurement for transplantation. The 1994 annual Meeting of the Association of OBS & GYN of the R.O.C., Taipei, R.O.C..
  19. Chu TY, Tsao YP, Chen SL, Kwo YW, Jian SY, Yee MY, and Yin CS (1995): Toward the gene therapy of human cervical cancer: the gene therapy research program of N.D.M.C. The 1995 annual Meeting of the Association of OBS & GYN of the R.O.C., Taipei, R.O.C..
  20. Chu TY, Yang YF, Yin CS, and Chen SL (1995): HPV induced cervical carcinogenesis:

- clinical application of HPV detection and typing. The 1995 annual Meeting of the Association of OBS & GYN of the R.O.C., Taipei, R.O.C..
21. Inoue S, Lin SL, Chu TY, Yao CW, Wu SH, and Inoue Y (1997) Occurrence of a new sialic acid, KDN, in mammals including human. The 17th International Congress of Biochemistry and Molecular Biology, 1997 Annual Meeting of the American Society for Biochemistry and Molecular Biology.
  22. Chu TY, Chiou YS, Perng CL, Lu JJ, Liu HS, and Shen CY (1997) The *FHIT* gene does not confer the frequent loss of heterozygosity at chromosome 3p14 in cervical cancer. The Second Joint Conference of Cancer Societies in Taiwan, Taipei.
  23. Chu TY, Chiou YS, Lu JJ, Liu HS, and Shen CY (1997) Aberration of the *FHIT* gene in cervical carcinomas. The XV FIGO World Congress of Gynecology and Obstetrics. Copenhagen, Denmark.
  24. Chu TY, Lee HS, Chiou YS, Jen SL, Shen CY, and Liu HS (1997) Frequent Genetic Aberrations in Cervical Intraepithelial Neoplasia. 1st Terry Fox & Cherang Gung Memorial Hospital International Cancer Symposium on Cervical Cancer. Taipei, Taiwan.
  25. Chu TY (1998) The pathogenesis of HPV-induced genital neoplasia. New Horizon in Obstetrics & Gynecology, Tainan, Taiwan.
  26. Chu TY, Shen CY, Lee HS, Lai CH, and Liu HS (1998) Monoclonality, frequent allelic loss and microsatellite instability in multifocal cervical intraepithelial neoplasia: A local field effect of genomic instability, gene mutation and clonal evolution of cervical carcinogenesis. The 1998 annual Meeting of the Association of OBS & GYN of the R.O.C., Taipei, R.O.C..
  27. Chu TY, Shen CY, Lee HS, Chen CH, Liu HS, and Yeh MY (1998) Allele loss and genome instability at chromosome 3p is an early event in cervical carcinogenesis. 89<sup>th</sup> Annual Meeting of American Association for Cancer Research, New Orleans, Louisiana, U.S.A.
  28. Chen HJ, Lai CH, Chu TY, Yu MS, and Liu HS (1998) The prognostic value and clinical parameters of HPV genotypes in cervical cancers in Taiwan. The 1<sup>st</sup> International Congress of HPV and Cervical Cancer. Montreal, Canada.
  29. Chu TY, Shen CY, Lee HS, Lai CH, and Liu HS (1998) Monoclonality and surface lesion-specific microsatellite alterations in premalignant and malignant neoplasia of uterine cervix: A local field effect of genomic instability and clonal evolution. The 23<sup>rd</sup> ESMO Congress. Athens, Greece.
  30. Chu TY, Lai JS, and Shen CY (1999) Frequent deletion of the TGF- $\beta$  receptor II gene in cervical cancer cell lines but no apparent mutation in tumor tissues. 90<sup>th</sup> Annual Meeting of American Association for Cancer Research, Philadelphia, U.S.A.
  31. Chu TY (1999) A model of field carcinogenesis and clonal evolution in cervical cancer. The 1999 annual meeting of Taiwan Association of Gynecologic Oncology, Taipei, Taiwan.
  32. Chu TY, Lai HC, Sun CA (2000) Favorable clinical outcomes of cervical cancers infected with human papillomavirus type 58 and its related types. EUROGIN 2000 4<sup>th</sup> International Multidisciplinary Congress, Paris, France.
  33. Chu TY, Sun CA, Chen CY (2000) Plasma HPV viral load as an indicator of

- HSIL and Invasive cancer of uterine cervix. EUROGIN 2000 4<sup>th</sup> International Multidisciplinary Congress, Paris, France.
34. Chu TY, Sun CA, Lai HC, Yu MH (2000) The significance of HPV viral load in prediction of lesion size and severity of squamous intraepithelial lesion and cervical cancer. EUROGIN 2000 4<sup>th</sup> International Multidisciplinary Congress, Paris, France.
  35. Chu TY, RL Huang, CF Chao, W Fan, LJ Wong (2000) Germline and somatic mutations of hMSH2 gene conferring the RER phenotype of a HNPCC. 91<sup>th</sup> Annual Meeting of American Association for Cancer Research, San Francisco, U.S.A.
  36. Chu TY (2001) Cervical cancer and HPV: a genetic aspect in Taiwan. 5<sup>th</sup> International Conference of the Asian Clinical Oncology Society, Taipei.
  37. Peng MY, Chu TY (2001) Human papillomavirus is detectable in virtually all cervical cancers: a comparison of contemporary HPV detection methods. 5<sup>th</sup> International Conference of the Asian Clinical Oncology Society, Taipei
  38. Chu TY, Hsu JH, Huang RL, Chen JY, Sun CA, Hsieh CY (2001) Quantitative measurement of human papillomavirus load in cervical swabs by using Hybrid Capture II assay. 5<sup>th</sup> International Conference of the Asian Clinical Oncology Society, Taipei.
